Featuring rubber stamp  
"Expert Flying Lessons"

This card is created using black cardstock. Spatter the rectangular layers with colors slightly darker than the cardstock. When dry, stamp the image and emboss with black embossing powder. Scrape, tear and crumple the edges of the layers to create a distressed appearance.

Assemble as shown. Then add small distressed black squares. Accent with knotted strands of coordinating twine.

Finished card size 4.25" x 5.5" (side-fold)
