demonstrating
the process used to
create this scarf.

This 11" x 60" fashion scarf is stenciled using textile colors and a #2 Stenciler. I typically brush-mix my colors from a limited palette but you can choose pre-mixed bottled colors of similar hues as the swatches shown. Produce lighter values with the addition of transparent textile medium. To create pearlescent variations you can add mica powders (like Pearl-ex) to transparent medium. Mix and match the stencils to decorate the scarf.
