This 11" x 60" fashion scarf is stenciled using textile colors and a #2 Stenciler. I typically brush-mix my colors from a limited palette but you can choose pre-mixed bottled colors of similar hues as the swatches shown. Produce the lighter values shown with the addition of transparent textile medium. To create pearlescent variations you can add mica powders (like Pearl-ex) to transparent medium. Mix and match the stencils to decorate the scarf.
